(series)

1. PURPOSE. This publication is designed and intended for use as the student Performance Qualification Standard (PQS) for Aids to Navigation (ATON) Verifier. It is published for instructional and training purposes only and is not policy material.
2. ACTION. Elected and appointed leaders and program managers at all levels of the Auxiliary organization shall ensure Auxiliarists who oversee, direct, or participate in Auxiliary operations and training adhere to this publication's provisions.
3. PUBLICATION AFFECTED. None.
4. DISCUSSION. This PQS provides the minimum knowledge base required and must be completed for Coast Guard Auxiliarist's to qualify as an Auxiliary ATON Verifier (AV). Auxiliarist who currently possess the AV designation are not required but are encouraged to complete this PQS. Previously qualified members should familiarize themselves with the tasks required in this PQS. This is a newly created PQS and does not replace or supersede any existing earlier text materials.
5. SUMMARY OF CHANGES. None.

Coast Guard Auxiliary Training Guide

Aids to Navigation (ATON) Verifier Performance Qualification Standard

Qualification Code: AV

INTRODUCTION

This workbook is one section of your personal 'on the job training' (OJT) manual. It is your OJT guide to qualification as an Auxiliary Aids to Navigation (ATON) Verifier. It is your responsibility to document completed unit training items.

Verifying Officers shall be experienced and qualified personnel who have demonstrated the ability to evaluate, instruct, and observe other personnel in the performance task criteria.

Verifying Officers must be certified in the competencies for which they are to verify. In other words, they must hold qualification as an Auxiliary ATON Verifier or equivalent active duty

Verifying Officers must enter their title, name, and initials in the Record of Verifying Officers section before making entries in your workbook.

A Verifying Officer shall observe your successful performance of each task and document such with date and initials in the appropriate space provided in this booklet. It may be necessary to perform a task several times. The Verifying Officer will not give credit for any task that is not performed satisfactorily. All tasks must be performed without prompting or use of references unless otherwise specified.

No task may be waived. This qualification is the MINIMUM national requirement for qualification.

When you have completed all of the items required for this qualification, submit your completed PQS to your DIRAUX via the DSO-NS or procedures established in your District. Your DIRAUX will issue a Letter of Designation and enter your qualification into AUXDATA.

Subj: DESIGNATION AS AUXILIARY AIDS TO NAVIGATION (ATON) VERIFIER

Ref: Auxiliary Aids to Navigation (ATON) Verifier Performance Qualification Standard
Workbook

1. Congratulations! You have completed all requirements necessary to perform the duties of an Auxiliary Aids to Navigation (ATON) Verifier. You are authorized to carry out the responsibilities of an Auxiliary Aids to Navigation (ATON) Verifier within the scope of your qualifications. This is a significant milestone in your professional development and I commend your accomplishments.

2. This Letter of Designation should be retained as part of your personal Training Record and you will be assigned the Auxiliary Aids to Navigation (ATON) Verifier's Qualification Code "AV".
