

**Flotilla Risk Calculation Worksheet**  
**Calculating Risk Using the GAR Model**  
**(GREEN-AMBER-RED)**

**GAR IS BASED ON A TEAM DISCUSSION TO UNDERSTAND AND EVALUATE THE RISKS ATTENDANT TO FLOTILLA SUCCESS AND HOW THEY WILL BE MANAGED. RISK MANAGEMENT IS WHAT IS IMPORTANT; NOT THE ABILITY TO ASSIGN NUMERICAL VALUES OR COLORS TO RISK ELEMENTS.**

**Assign a risk code of 1 (For No Risk) through 3 (For Maximum Risk) to each of the elements below. The discussion should start with the junior (least experienced) members first on each category.**

<b>Succession Planning:</b> My Flotilla has identified multiple elected leaders for future years - 1 Point My Flotilla has identified elected leaders for next year - 2 Points My Flotilla has not identified any future leaders - 3 Points	
<b>Member Training:</b> My Flotilla holds regular Member Training Sessions - 1Point My Flotilla occasionally holds Member Training Sessions - .2 Points My Flotilla does not hold Member Training Sessions - 3 Points	
<b>Team Selection:</b> My Flotilla Staff Officers do an excellent job - 1Point My Flotilla Staff Officers do a average job - 2 Points My Flotilla Staff Officers do a poor job - 3 Points	
<b>Meetings:</b> My Flotilla meetings are well-planned, informative and fun - 1 Point My Flotilla meetings are not well-planned - 2 Points My Flotilla meetings are not planned - 3 Points	
<b>Planning:</b> My Flotilla has written goals and plans for growth, stability, and productivity - 1 Point My Flotilla has ideas of what it wants to do, but has no concrete action plans - 2 Points My Flotilla has very few or no goals and plans for the future - 3 Points	
<b>Fellowship:</b> My Flotilla holds a 4th Cornerstone at least 4 times a year - 1 Point My Flotilla holds a 4th Cornerstone at least 2 - 3 times a year - 2 Points My Flotilla holds zero – one 4th Cornerstone events a year - 3 Points	
<b>Missions:</b> My Flotilla regularly does CG and CGAUX Missions - 1- Point My Flotilla occasionally does CG and CGAUX Missions - 2 Points My Flotilla does not do CG and CGAUX Missions - 3 Points	
<b>Facilities:</b> My Flotilla has 1Active Facility for every 5 or less members - 1 Point My Flotilla has 1Active Facility for every 6 -10 or more members - 2 Points My Flotilla has 1Active Facility for every 11 or more members - 3 Points	
<b>Membership:</b> My Flotilla has more than 25 active members - 1 Point My Flotilla has 10-24 active members - 2 Points My Flotilla has less than 10 active members - 3 Points	

<b>Total Risk Score</b>	
-------------------------	--

### GAR Evaluation Scale - Color Coding the Level Of Risk

1-10	11-20	21-27
<b>GREEN</b> (Low Risk)	<b>AMBER</b> (Caution)	<b>RED</b> (High Risk)

If the total falls in the green zone, risk of flotilla failure is at a minimum. If the total falls in the amber zone, risk of flotilla failure is moderate and you should consider adopting procedures to minimize risk.

**IF THE TOTAL FALLS IN THE RED ZONE, YOU NEED TO IMPLEMENT MEASURES TO REDUCE THE RISK PRIOR TO FLOTILLA SHUTDOWN.**

THE GAR MODEL SHOULD BE USED AS PART OF PLANNING FOR FLOTILLA SUCCESS, AND SHOULD BE CONTINUALLY REASSESSED AS WE REACH MILESTONES WITHIN OUR PLANS, OR AS ELEMENTS CHANGE.
