

Staff Responsibilities

The Telecommunications Division of the National Response Directorate is organized to respond to our customer's requirements – those of the members and the Coast Guard. A product line approach with clearly defined responsibilities for each staff member is the organizational goal. Branch Assistant billets bolster our process capabilities, while our intent is to provide efficient program management, reduce response cycle time, and eliminate multiple points of contact:

Chief, Telecommunications Division

COMO David Elliot, (DVC-RT)

Tel: 772-781-5969 David.Elliot@cgauxnet.us

- Responsible for management and development of the programs of the Telecommunications Division
